DETAILED ACTION

Specification / Drawings

As indicated by the applicant, the instant application does not have any drawings. The objection to the drawings and specification are withdrawn.

Claim Rejections - 35 USC § 112

The applicant's arguments concerning the rejection of the claims under 35 USC 112, second paragraph, are noted, and the rejection of those claims is withdrawn.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-5, 7, 8 and 11 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Wai et al. (6,653,236 B2).

Allowable Subject Matter

Claims 6, 9, 10 and 12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
